

Thanks to Chris Gregoire, there are

1,300

convicted sex offenders  
out there.

SOMEWHERE.

It sounds like the plot of a late-night scary movie: 1,300 convicted sex offenders are supposed to register their location with law enforcement, but we lose track of where they are. But that could never really happen, right? No government could be that incompetent!

Unfortunately, under Chris Gregoire's leadership of our State, the addresses of 1,300 convicted sex offenders were never verified - and nearly 600 of them were allowed to declare themselves as homeless. And now the State is unable to track them, or notify families when they move into their neighborhood.

CHRIS GREGOIRE.

Why would we ever give her  
4 more years to do even more damage?
